

Over the years, the Tony Bice Memorial Golf Tournament has served thousands of burn survivors and their families. We are honored to be part of their brave stories. While those stories are as varied as the people who have lived them, they all contain a single, common thread: the incredible impact of healthcare professionals. Every survivor's path is marked by the selfless, compassionate and heroic care of men and women who tirelessly work to facilitate healing. This year, we play in honor of the doctors, nurses, and therapists who serve our burn survivor community. Their skill and expertise lay on a foundation of servant-hearted love. And they change lives. Your generosity today allows us to enhance the lives of the people these healthcare professionals are called to help. We remain steadfast in our mission to support burn survivors and we are immensely grateful for your willingness to join with us in that mission.
